Skills Summary

Front-End Developer with 3+ years of experience building scalable web applications using React and TypeScript. Passionate about creating performant, accessible, and maintainable UIs within modern micro front-end architectures.

Work Experience

HELP DESK – SIELTE S.p.A

Jan 2021 - Oct 2021

As an IT Help Desk professional, I have managed user assistance requests and resolved issues related to Vodafone practices. My primary responsibilities were diagnosing and resolving technical problems and managing support tickets, using the ticketing system and ITIL procedures.

JAVASCRIPT DEVELOPER – BUSINESS CHANGERS

Apr 2022 – Oct 2023

Front-end development for **SiAge**, the Lombardy Region's tender management platform. Built dynamic forms and interactive logic using **JavaScript**, developed **SQL** queries for data extraction, and generated **PDF** files from **XML** via **XSL:FO**. Contributed to platform testing, bug fixing, and feature optimization.

FRONT-END DEVELOPER – ACCENTURE

Oct 2023 – present

Front-End Developer in a project focused on building business process applications using **React** within a **Micro Front-End architecture**.

Main activities included:

- Gathering requirements and analyzing UI/UX specifications.
- Developing responsive web pages using custom components and a shared component library, ensuring WCAG-compliant accessibility.
- Integrating **real-time data** to monitor key business metrics.
- Creating **Widgets** as independent Micro Front-Ends to deliver focused and impactful information.
- Managing Micro Front-End releases, maintenance, and post-release support.

FRONT-END DEVELOPER FREELANCE - MEDIAMINER

Jun 2024 – Oct 2024

Development of user interface for a web application using the AI for the automatic analysis of media content, such as images, to detect and flag sensitive information (e.g., passwords or confidential data).

Education

High School Diploma in Computer Science – ITIS Altiero Spinelli, Sesto San Giovanni (MI), July 2019

Focused on software development and programming fundamentals using **C, Java, JavaScript, and SQL**.

Languages

- **Italian:** native
- **Spanish:** native
- **English:** B2 on the CEFR (Common European Framework of Reference for Languages)

Technical skills

- **Frontend:** JavaScript (ES6+), TypeScript, React, HTML5, CSS3, SCSS, Recharts, D3, SWR, Storybook, Zustand, Redux,
- **Backend / DB:** Node.js (basic), SQL, Oracle, MySQL
- **Versioning:** Git / GitHub, Microsoft Azure
- **Tools:** VS Code, Postman, npm, Vite, Figma
- **Other:** Responsive Design, API Integration, Performance Optimization, PowerBI JSON, Web Accessibility (WCAG)

Soft skills

- Problem-solving and attention to detail
- Clear communication and teamwork
- Adaptability and deadline management
- Technical curiosity and continuous improvement mindset
